

ADVANCED PET DIETS[®]

CARING

FOR YOUR PET

SELECT CHOICE[™]

• COMPLETE NUTRITION FOR DOGS & CATS •

Your pet's health and well-being is the greatest concern we have.

All natural. Nutritionally complete and balanced. Rich in all the things that your pet needs, and free of all the things that no pet should have. Most importantly, the entire line of Advanced Pet Diets Select Choice was created to meet the changing needs of your most special friend over the entire course of their life.

Please look carefully at the ingredients we use. You will see that absolutely no chemical preservatives like BHA or BHT are used. Nor will you ever see any by-products listed. And another thing we left out of all of our pet foods—short cuts! We work closely with veterinarians and pet nutritionists to determine exactly the right ingredients, and then use a carefully planned method of preparation to ensure that all the nutritional value makes it out of our kitchens and into your pet's dinner bowl.

And one more thing—it's absolutely delicious. With more meat protein from high quality sources like chicken and lamb, your pet will love the taste of Advanced Pet Diets Select Choice foods. Like our quality and commitment, it's completely guaranteed.

Switching to Advanced Pet Diets® Select Choice™

When switching to Select Choice, we recommend that you switch your pet over slowly. This is very important so you don't disrupt your pet's digestive pattern. Changing foods will often cause vomiting or diarrhea if not done correctly. Therefore, we recommend a 5 day transition before you begin feeding Select Choice exclusively.

The switch is an easy transition that includes both Select Choice and your pet's old brand. For the first two days, feed 20% Select Choice and 80% of the old brand. For the next two days, feed 50% Select Choice and 50% of your pet's old brand. On day 5, feed 80% Select Choice and 20% of the old brand. On the 6th day, you can feel confident feeding Select Choice for the rest of your pet's life. Please refer to diagram below:

Day 1 & 2
Feed 80% Old Brand
20% Select Choice

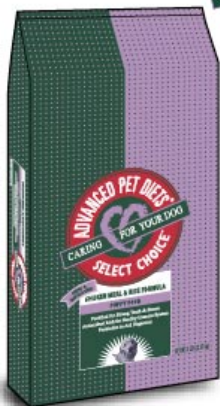

Day 3 & 4
Feed 50% Old Brand
50% Select Choice

Day 5
Feed 20% Old Brand
80% Select Choice

Day 6
Feed Select
Choice for life!

CHICKEN MEAL & RICE PUPPY FOOD

- Fortified for Strong Teeth & Bones
- Antioxidant Rich for Healthy Immune System
- Probiotics to Aid Digestion
- Chicken, Lamb & Salmon Proteins
- Naturally Preserved
- Corn & Wheat Free

What's more fun than a happy, rollicking puppy? A rollicking puppy that's getting exactly the right nutrition to grow into a happy, healthy adult. In fact, the quality of a puppy's diet can be a major factor in the quality of long-term health. So, Advanced Pet Diets Select Choice Puppy Food has all the protein an active puppy needs for growing muscles, and the proper amount of calcium and phosphorus to help bones and teeth form healthy and strong, just the way they should.

This all-natural formula also features the necessary probiotics "good bacteria" so that your puppy enjoys good digestion and full absorption of the food's nutritional value during this all-important growth period. And you'll love the easy clean-up! To help prevent disease, a balanced combination of antioxidants helps build a healthy immune system, and omega 6 and 3 oils promise healthy puppy skin and a shimmering puppy coat!

SKIN & COAT FORMULA

CHICKEN MEAL & RICE ADULT SKIN & COAT DOG FOOD

- Promotes Healthy Skin & Shiny Coat
- Rich in Omega Fatty Acids & Antioxidants
- Probiotics to Aid Digestion
- Chicken & Salmon Proteins
- Naturally Preserved
- Corn & Wheat Free

More than a joy to the touch, a shiny coat and healthy skin are important signs of your dog's overall good health. That's why we developed our meticulously blended all-natural Skin & Coat Adult Dog Food. We use a variety of skin and coat conditioners, including chicken fat, flax seed, canola oil, vitamin E and biotin to make sure your dog gets essential omega 6 and 3 oils – exactly what they need for supple, healthy skin and a glowing, lustrous coat. You should start to see a difference in just a few weeks.

We've also added a carefully balanced combination of immuno-boosting antioxidants, including vitamins A, C and E, essential in preventing disease. And the probiotics or "good bacteria" found in Advanced Pet Diets Select Choice help promote good digestive health for your dog, allowing all the value of the food to be absorbed. But perhaps the best thing about probiotics is that clean-up has never been easier!

CHICKEN MEAL & RICE LITE DOG FOOD

- 45% Less Fat
- Antioxidant Rich for Healthy Immune System
- Probiotics to Aid Digestion
- Chicken, Lamb & Salmon Proteins
- Naturally Preserved
- Corn & Wheat Free

Looking good and feeling great is what Advanced Pet Diets Select Choice Lite Adult Dog Food is all about. It has 45% less fat to help keep your dog's weight under control. But fewer calories don't mean less nutrition or less flavor. Made from a blend of chicken and lamb, this high-quality food gives your dog all the protein –and taste– they deserve.

In fact, there are no nutritional compromises in our lite formula. For a healthy immune system, we've added exactly the right balance of key antioxidants, including vitamins A, C and E. Omega 6 and 3 oils sustain healthy skin and a beautiful, shiny coat. And the probiotics or "good bacteria" help ensure good digestive health and full nutrient absorption, allowing for nice easy clean-up. And that helps you both look good and feel great.

LAMB MEAL & RICE SENIOR ADULT DOG FOOD

- Naturally Contains Glucosamine & Chondroitin Sulfate
- Antioxidant Rich for Healthy Immune System
- Probiotics to Aid Digestion
- Lamb & Salmon Proteins
- Naturally Preserved
- Corn & Wheat Free

You know your dog's body changes over time. It's part of a natural process. And their nutritional needs change right along with it. With less fat for weight control and more protein to maintain lean muscle mass, Advanced Pet Diets Select Choice Senior Adult formula was created for less active dogs, 6 years old and up. We've enriched it with the vitamins and minerals that older dogs need most. And to help keep your dog's hips and joints healthy and pain-free, we've also added natural bovine cartilage, with glucosamine and chondroitin sulfate in a highly accessible form.

The antioxidant-rich formula in all our foods is more important than ever for keeping the immune system strong and preventing disease, while the omega 6 and 3 oils help ensure healthy skin and a shiny coat throughout your dog's life. The probiotics or "good bacteria" that we've added promotes good digestion and full nutrient absorption, not to mention easier clean-up!

INGREDIENTS

Lamb Meal, Brown Rice, Ground Rice, Pearl Barley, Rice Bran, Canola Oil (Preserved with Mixed Tocopherols), Bovine Cartilage (Natural Source of Glucosamine and Chondroitin Sulfate), Salmon Meal, Natural Flavor, Flax Seed, Yuca Schidigera, Potassium Chloride, Dicalcium Phosphate, Calcium Carbonate, Choline Chloride, Zinc Oxide, Zinc Amino Acid Chelate, Iron Sulfate, Vitamin A Acetate, Vitamin D3, Manganous Oxide, Vitamin E Supplement, Vitamin B12 Supplement, Copper Sulfate, Manganese Amino Acid Chelate, Copper Amino Acid Chelate, Riboflavin, Niacin, Calcium Pantothenate, Folic Acid, Pyridoxine Hydrochloride, Thiamine Mononitrate, d-Biotin, Calcium Iodate, Sodium Selenite, Cobalt Carbonate, Dried Aspergillus Oryzae Fermentation Product, Dried Bacillus Subtilis Fermentation Product.

CHICKEN & SALMON MEAL ORIGINAL KITTEN/ADULT CAT FOOD

- Antioxidant Rich for Healthy Immune System
- Taurine for Good Vision & Healthy Heart
- Supports a Healthy Urinary Tract
- Chicken & Salmon Proteins
- Naturally Preserved
- Low in both Ash & Magnesium

Like all Advanced Pet Diets Select Choice foods, our Original Kitten/Adult Cat Food is rich in immuno-boosting antioxidants like vitamins A, C and E. But we've made an essential amino acid, known as taurine, part of our recipe as well. That's because cats, unlike dogs, cannot manufacture their own taurine, a critical nutrient for sound hearts and good vision, as well as reproductive health.

By adding a selection of probiotics "good bacteria" we've made sure your cat will enjoy good digestion and a cleaner litter box. Of course, you'll also be happy to know that our original kitten/adult formula is low in ash and magnesium to promote a healthy urinary tract as well. And the omega 6 and 3 oils help give your cat nice healthy skin, and a beautiful, shiny coat that you'll both be proud of!

INGREDIENTS

Chicken Meal, Corn, Corn Gluten Meal, Ground Whole Wheat, Chicken Fat (Preserved with Mixed Tocopherols), Salmon Meal, Tomato Pomace, Natural Flavor, Yucca Schidigera, Salt, Phosphoric Acid, Brewers Dried Yeast, Calcium Carbonate, Dicalcium Phosphate, Choline Chloride, Zinc Oxide, Ferrous Sulfate, Vitamin A-Acetate, Vitamin D3, Vitamin E Supplement, Taurine, Niacin, Ascorbic Acid, Calcium Pantothenate, Manganous Oxide, Vitamin B-12 Supplement, Thiamine Mononitrate, Copper Sulfate, Riboflavin Supplement (Vitamin B-2), Inositol, Biotin, Pyridoxine Hydrochloride, Folic Acid, Calcium Iodate, Cobalt Carbonate, Sodium Selenite, Dried Aspergillus Oryzae Fermentation Product, Dried Bacillus Subtilis Fermentation Product.

CHICKEN & LAMB MEAL HAIRBALL KITTEN/ADULT CAT FOOD

- Helps Eliminate Hairball Build-up
- Fish-Free Sensitive Stomach Formula
- Supports a Healthy Urinary Tract
- Chicken & Lamb Proteins
- Naturally Preserved
- Low in both Ash & Magnesium

“Oh, no. Not another hairball!” Yes, another hairball. And frankly, we don’t know who will be more grateful, you or your cat, but Advanced Pet Diets Select Choice Hairball Kitten/Adult Cat Food was specifically formulated with all-natural fiber from oats and peas to help control hairball build-up.

Because some cats have naturally sensitive stomachs, our hairball control food is made from a fish-free recipe. And no cat food is complete unless, like all our cat foods, it’s rich in antioxidants for a strong immune system, and taurine, an essential amino acid, for a sound heart, good vision, and overall reproductive health. You and your cat will also like knowing that we’ve added probiotics for good digestion and a cleaner litter box! And that our low ash and magnesium content promotes a healthy urinary tract, while omega 6 and 3 oils help ensure healthy skin and a glowing coat.

INGREDIENTS

Chicken Meal, Brown Rice, Chicken Fat (Preserved with Mixed Tocopherols), Corn Gluten Meal, Corn, Lamb Meal, Oat Bran, Pea Fiber, Natural Flavor, Flax Seed, Tomato Pomace, Yucca Schidigera, Salt, Phosphoric Acid, Brewers Dried Yeast, Calcium Carbonate, Dicalcium Phosphate, Choline Chloride, Zinc Oxide, Ferrous Sulfate, Vitamin A-Acetate, Vitamin D3, Vitamin E Supplement, Taurine, Niacin, Ascorbic Acid, Calcium Pantothenate, Manganous Oxide, Vitamin B-12 Supplement, Thiamine Mononitrate, Copper Sulfate, Riboflavin Supplement (Vitamin B-2), Inositol, Biotin, Pyridoxine Hydrochloride, Folic Acid, Calcium Iodate, Cobalt Carbonate, Sodium Selenite, Dried Aspergillus Oryzae Fermentation Product, Dried Bacillus Subtilis Fermentation Product.

CHICKEN & SALMON MEAL LITE ADULT CAT FOOD

- For the Overweight, Older Less Active Cat
- Taurine for Good Vision & Healthy Heart
- Supports a Healthy Urinary Tract
- Chicken & Salmon Proteins
- Naturally Preserved
- Low in both Ash & Magnesium

As cats become less active, they tend to put on weight. As they put on more weight, they tend to become even less active. To keep this cycle from getting out of hand, Advanced Pet Diets Select Choice created Lite Adult Cat Food. It was specifically formulated to help your cat lose those extra pounds and remain the bright and bouncy pet you love. Because we've added probiotics "good bacteria" your cat will enjoy good digestion, full food value and a cleaner litter box even while losing weight.

Advanced Pet Diets Select Choice also contains taurine, an essential amino acid that cats need for healthy hearts and good eyes, as well as sound reproductive health. The omega 6 and 3 oils that we've added help keep that lean, lithe body inside healthy skin and a shiny coat, while the immuno-building antioxidants help prevent disease. And the low ash and magnesium content in our lite formula promote a healthy urinary tract.

INGREDIENTS
