HEALTH FOOD FOR DOGS™

WHY THIS FOOD IS SO DOG-GONE GOOD FOR YOUR DOG !

Health Food for Dogs contains:

- **Chicken Meal, Lamb Meal and Fish Meal-Protein** is the building block of life. We use three meat sources for a balanced and complete amino acid profile. Chicken and Fish are among the highest digestible proteins available. Lamb is easy to digest and fish

meal contains high levels of omega 3 fatty acids that produce a healthy lustrous coat.

- **Oatmeal**- which is a nutritious and palatable gluten-free grain with significant levels of thiamine and vitamin E.

- **Ground Brown Rice**- Provides an abundant level of vitamin B complex and is a wonderful source of calcium, phosphorus and iron. It is our primary carbohydrate for short term energy.

- **White Rice**- Nutritious and easily digested, it is the least allergenic carbohydrate source.

- **Chicken Fat**- provides a superior long term energy source that is easily assimilated by your pet.

- **Provides Linolenic Acid**- (Omega 3) and helps to carry fat soluble vitamins A, D, E and K.

- **Flax Seed**- is rich in both linolenic (Omega 3) and linoleic (Omega 6) fatty acids, for a healthy skin & coat.

- **Alfalfa Meal**- a non-allergenic complete carbohydrate. Used by herbalists for many years to cleanse the circulatory system by providing essential vitamins and minerals. Soothing for the digestive tract, it also improves appetite and aids in the assimilation of other nutrients as well as sweetens the breath.

- **Sunflower Oil**- Rich in linoleic acid (Omega 6) that helps to produce a healthy skin & coat.

- **Lecithin**- a natural emulsifier that breaks fats down in the blood, thus improving the utilization of essential fatty acids.

- **Brewers Dried Yeast** - a rich vitamin B source that builds enzymes for improved digestion. Naturally contains 16 amino acids, 14 minerals and 17 vitamins.

- **Rosemary & Sage**- Important antioxidants. Used by many herbalists to aid digestion and stimulate circulatory systems.

- **Yucca Schidigera Extract**- Reduces bad breath and stool odors.

- **Dried Bacillus Subtilis & Aspergillus Oryzae Fermentation Product**- Are sources of alpha amylase activity that digest carbohydrates and starches.

- **Bromelain & Papain**- Plant based enzymes used to help facilitate complete digestion for proteins.

- **Vitamins & Chelated Minerals**- Specially processed for guaranteed nutrition and availability during digestion.
